SCHOOL DANCE
The SRC is organising a school dance with the theme ‘rainbow’ to be held on Thursday 11 March in the school hall. The dance is from 7pm till 10pm with tickets costing $8.00 or $12 for bus transport home to Bermagui.

I would like to remind parents that students will need to be signed in at the start of the dance before being allowed to enter the hall. There will be no tickets available at the door. All tickets must be purchased before hand from the front office. Students on uniform or discipline sanctions will not be permitted to purchase tickets.

AUSTRALIAN MATHEMATICS COMPETITION 2013
Entries are now open for the Australia Mathematics Competition.

There are three Secondary divisions with the time allowed being 75 minutes. Students are assessed only against other students in the same school year. The problems are very easy at the start of the paper and become progressively more difficult until the end when they are challenging to the most gifted student. Students of all standards will find a point of challenge. Entry fee is $5.00 payable at the front office.

HPV VACCINATION
All males who are 14-15 years of age, and who are in Year 10 are eligible to receive the free HPV vaccine at their GP during 2013 only. Only Year 9 boys are being vaccinated at schools.

If you wish for your son to receive the free HPV vaccinations, they must have commenced the course before they turn 16 years and have completed the three dose course before the end of 2013.

It is important when making the GP appointment the receptionist or nurse is informed of the reason for the visit and sufficient time is allowed (at least three working days) for the vaccine to be ordered and delivered to the GP.

If you would like more information about the HPV Vaccine you can visit the HPV Vaccination website or contact your local Public Health Unit on 1300 066 055.

UNDER OUR SKIN: A Health Care Nightmare
Did you know that Lyme disease cases have been reported in every state in the country? And that the disease is often misdiagnosed as other illnesses such as fibromyalgia, chronic fatigue syndrome, or multiple sclerosis? And an increasing number of cases of Lyme disease are being reported locally?

Here is the short story of a local child, affected since birth, with Lyme disease ‘I am Sophie’ – http://youtu.be/yE7XywbVXJE
Make sure you know about Lyme disease. Join us for a screening of the award-winning documentary, Under Our Skin, which exposes the hidden story of Lyme disease, one of the most serious and controversial epidemics of our time. Under Our Skin: A Health Care Nightmare will be screening at Bermagui Community Centre on Friday 10 May 2013 at 7pm. A light supper will be served.
