MEDICAL ALERT
The school has been advised that nits/head lice may be present in the hair of some students within the school. Please check your child’s hair for nits/lice using the methods recommended in the information provided from NSW Health or visit the website (http://www.health.nsw.gov.au/publichealth/environment/headlice/treatment.asp). If you find any eggs or lice please commence treatment as recommended.

RUGBY LEAGUE
On Tuesday 17 March the under 13 rugby league team travelled to Batemans Bay to participate in the Shaun Timmins Shield.

After a couple of late withdrawals due to illness and injury a depleted squad demonstrated their abilities by completely outclassing the Carroll College boys 44 – 0. Every member of the squad played their part in the victory making it difficult to single anyone out.

Well done Connor, Milo, Reid, Blake, Kaleb, Marcus, Brad, Shannon, Kade, Zac and Liam. If you are interested in joining this winning side for the next round early in term 2 see Mr Zideluns in the IA staffroom.

SCHOOL FUNDING INFORMATION
The way schools are funded has changed. The new funding model is known as the Resource Allocation Model (RAM). Our school receives its funding based on a formula which includes education levels and current occupation of parents. Obviously the school would like to receive the full entitlement of funding available.

Forms were sent home recently for updating of Parent / Carers occupations and education levels. By providing this updated information the school’s funding entitlement will be calculated.

Please complete the information form posted to you and return it to the school. If you require another form, please contact the office.
